

Plum Borough Community Library

Policy Title: Social Media Policy

Date Issued: March 18, 2025 Board of Trustees Meeting

Purpose: The Plum Borough Community Library uses social media in many forms. PBCL staff maintain and edit the content of the PBCL social media sites to comply with library policies. Library social media is intended to create a welcoming online space where library users will find useful and entertaining information and opportunities to interact with staff and other users.

Definitions: Social media is defined as any web application, site, or account used by the library to facilitate the sharing of information about library-related subjects and issues. It includes any facility for online publication and commentary.

Statement of Policy: The PBCL will use social media tools to encourage community engagement and to create a dialog between the library and its patrons regarding library services, resources, events and programs, as well as community information.

Social media is monitored and managed by PBCL staff. Comments, posts, and messages by users are allowed if they conform to the library's social media policy. All interactions will be reviewed for content and relevance. The library reserves the right to refrain from posting users submissions or comments or to remove or remove or edit comments at any time.

By commenting on or posting to PBCL-hosted social media sites, users agree to the library's social media policy. All content posted to the sites maintained by the library is subject to PBCL's Rules of Conduct below. Individuals who violate the library's social media policy and/or rules of conduct may be banned from PBCL's social media sites.

Rules of Conduct:

The PBCL staff reserves the right to remove any comments that are inappropriate or offensive, including comments that are (or include):
